 CLINICAL MICROBIOLOGY  
 AND INFECTIOUS DISEASES  
**Lisbon, Portugal**  
**23-26 April 2022**

At TestLine we are already getting excited about this year's ECCMID conference and we'd love to see you there. TestLine Clinical Diagnostics is a Czech company engaged in the development, production, and distribution of laboratory diagnostics. It is a part of BioVendor Group. This synergy makes possible to solve the individual needs of each diagnostic laboratory and redefines the reliability and speed of current diagnostics. TestLine will be presenting our innovative approaches in IVD diagnostics. Our key projects such as MBA, CLIA and EIA Smartkits will be introduced there.

## Microblot-Array (MBA)

Innovative solution for efficient multiplex diagnostics

## CLIA

Fully automated CLIA solution

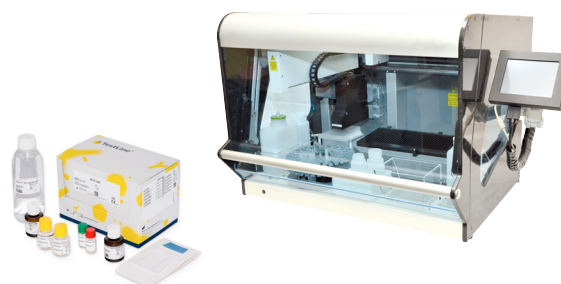

## TestLine SmartKits & Agility

Next generation of ELISA automation with walkaway performance

## ELISA & BLOT

Reliable and robust kits for infectious serology and immunology
